Installation Guide

01

Mark the position

Choose the installation height and check for concealed services. Remove the mounting plate using the supplied Allen key.

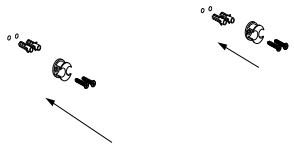

02

Drill the holes

Hold the mounting plate against the wall, mark the fixing holes and drill using a suitable bit.

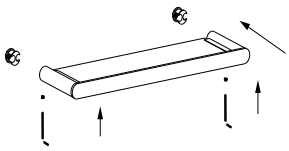

03

Secure the plate

Insert suitable wall plugs and screw the mounting plate securely to the supporting wall.

04

Fit the towel rail

Position the hook over the mounting plate and tighten the concealed grub screw. Check that it is straight and secure.

FINAL CHECK · DISCLAIMER

Do not place weight on the towel rail until every fixing is secure.

Care & Maintenance

MILD SOAP & WARM WATER

Clean with mild soap and warm water.

SOFT CLOTH ONLY

Use soft cloth only.

NO CITRUS, BLEACH OR ABRASIVE CLEANERS

These can damage the surface and affect longevity
